**German Water
Partnership**

Solutions you can trust.

Members and Partners

German Water Partnership acts as a central coordination office for foreign clients and decision makers, seeking German expertise in the water sector. We deliver “Solutions you can trust” and quality services “Made in Germany”.

This network includes institutions and companies from different areas of the water management sector. It is open to:

- › scientific institutes
- › consultants/engineering companies
- › operating companies/water authorities
- › construction companies
- › plant/system manufacturer
- › industry and manufacturers of components
- › federations/public institutions
- › organisations for development cooperation
